

PRO ARMOR

**POLARIS RZR 4
Fabric Roof**

To avoid injury to your self or damage to the ATV, read these instructions carefully before installation.

1. Parts List:

Item	Part Name	Description	Qty
1	Roof	Fabric	1

2. Installation:

- a) Position Fabric Roof over RZR 4 Roll cage with seams facing in and the wider portion to the rear.
- b) Find a suitable location to wrap the front straps around the A-pillar area and feed the straps into the strap adjuster. Pull straps through adjuster to tighten.
- c) Wrap the mid and rear strap lengths around the seat belt brackets and roll cage tubing for the B and C-pillars and feed the straps into the strap adjuster. Pull straps through adjusters to tighten.
- d) On the inside of the fabric roof, wrap and secure the Velcro straps around the cross member tubing of the roll cage.

4. Maintenance: Check to see that all straps are secured to the roll cage.

5. Care and Cleaning: Clean with cold water and air dry.

6. Customer service: For further information call Pro Armor at 951-343-9270
